MODERATE CASH PRICES PROMPT SERVICE

LATEST IMPROVED AIR MACHINERY TOOLS

MANUFACTURING our own work and selling direct to you, we are enabled to quote as reasonable prices as can possibly be named for strictly first-class work.

Our experience in successfully designing and constructing artistic Memorials in Granite, Marble and Bronze, makes us confident that we can be of real service to you in the selection of a design and material which will be just suited to your lot.

Only the finest grade of material enters into our monumental work, and the production of this work is entrusted to only the skilled hands of qualified artisans. Our plant is equipped with the latest improved Compressed Air Hammers, which assures you of fine workmanship.

Largest display of finished work in this vicinity.

If, however, it is not convenient for you to call, you will incur no obligation by communicating with us. We have several beautiful designs for something entirely new in Memorial work—unique, and different from anything that has ever been seen before. Shall we send you a few for inspection?

STANDARDS OF PRACTICE FOR DIRECTORIES

Adopted June 23, 1914 at the Convention of American Directory Publishers held at Toronto, Canada, in conjunction with the Convention of the Associated Advertising Clubs of the World.

The Publisher of a directory should dedicate his best efforts to the cause of business and Social Service, and to this end pledge himself:

1. To consider, first, the interests of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public Knowledge of what directories contain, to study public needs, and so far as possible make directories supply them; to revise methods and classifications so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of Buyer to Seller.
5. To decline any advertisement which has a tendency to mislead, or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by Statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers rather than on number of copies sold.
8. To co-operate with all organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of the field which he serves, and then to strive in every legitimate way to promote that function.

EDITION WORKLARGE FACILITIES**FOURTH-CLASS MATTER (DOMESTIC PARCEL POST).**

FOURTH-CLASS MATTER EMBRACES that known as domestic parcel post mail, and includes merchandise, farm and factory products, seeds, cuttings, bulbs, roots, scions and plants, books (including catalogs), miscellaneous printed matter weighing more than four pounds, and all other mailable matter not embraced in the first, second and third classes.

EXTENT AND USEFULNESS OF PARCEL POST. The domestic parcel post offers a convenient, quick, and efficient means of transporting mailable parcels to any post office in the United States or its possessions. The service reaches more places than any other transportation agency. It brings producers and consumers into closer contact, thus opening the way to reducing the high cost of living. Special treatment and advantages are accorded to shipments of farm products weighing between 20 and 50 pounds. Low postage rates, based on the service rendered, are provided. The rates to nearby zones are particularly advantageous. Parcels may be insured against loss and may be sent C. O. D.

RATES OF POSTAGE—TO BE FULLY PREPAID—UNSEALED—are as follows:

- (a) Parcels weighing 4 ounces or less, except books, seeds, plants, etc., 1 cent for each ounce or fraction thereof, any distance.
- (b) Parcels weighing 8 ounces or less containing books, seeds, cuttings, bulbs, roots, scions, and plants, 1 cent for each 2 ounces, or fraction thereof, regardless of distance.
- (c) Parcels weighing more than 8 ounces containing books, seeds plants, etc., parcels of miscellaneous printed matter weighing more than 4 pounds, and all other parcels of fourth-class matter weighing more than 4 ounces are chargeable, according to distance or zone, at the pound rates shown in the following table, a fraction of a pound being considered a full pound:

Parcel Post Rates.
