To The Class of 2026

Congratulations to the Class of 2026! You have grown into confident, capable leaders who have made a lasting impact on our school community. Through hard work, resilience, and kindness, you have risen to challenges and celebrated successes together. As you move forward, carry with you the lessons you've learned, the friendships you've built, and the pride of all who have supported you along the way. We are excited to see all that you will accomplish and wish you continued success in the years ahead.

Principal Murray

From Your Deans:

You are a class defined by excellence; academically, athletically, artistically, and musically. You have raised the bar in every arena, showing what determination, talent, and passion can accomplish. But what sets you apart even more is your character. Your empathy, your generosity, and your willingness to support one another have created a community that makes CHS proud.

You leave this school not only with achievements, but with the power to shape a brighter future. The world will be better because of the kindness you show, the leadership you demonstrate, and the care you bring to the people around you.

It has been an honor to watch you grow, to see you challenge yourselves, and to witness the incredible impact you've had on our school. Wherever you go next, continue to lead with heart; you are capable of changing the world in ways far greater than you can imagine. Congratulations, Class of 2026. Your future is limitless.

Dean MacNeill

To the Class of 2026,

Congratulations! Watching you grow from students in the classroom to leaders in our hallways has been one of the greatest privileges of my time at CHS. You have shown resilience, pride, and a genuine care for one another. Our school is better because of you. As you leave CHS and take your next steps, continue to lead with curiosity, kindness, and confidence. You have proven countless times that obstacles are made for overcoming, challenges improve personal strength, and the determination you possess will allow even your wildest dreams to come true. I can't wait to see all you accomplish in this next chapter and beyond.

Dean Vitale

Class of 2026, today you stand at the edge of possibility, carrying with you the lessons, friendships, and resilience that have defined your high school journey. I have watched you grow not only in knowledge, but in character—learning how to lead, how to persevere, and how to lift one another up. You have faced challenges with courage and met uncertainty with determination, proving that you are ready for what comes next. As you step forward into new classrooms, careers, and communities, remember that integrity and kindness will open more doors than achievement alone. On behalf of our entire school community, I congratulate you and encourage you to go boldly into the future, knowing you will always have a home here.

Dean MacIsaac

Ms. Roeder

Dedication

The Class of 2026 dedicates this book to Ms. Roeder.

Throughout her time as a teacher at Chelmsford High School, Ms. Roeder has had a profound and lasting impact on every student fortunate enough to work with her. Whether she is directing her choir ensembles or teaching students how to play the guitar, she consistently creates a supportive and encouraging environment where students feel comfortable expressing themselves through music. Her passion for teaching inspires her students not only to work hard, but also to continuously strive for growth in the courses she leads. Through her support and guidance, students grow more confident in their musical abilities and in themselves as individuals.

Ms. Roeder's impact on Chelmsford High School extends far beyond the classroom. Between 2014 and 2016, she established two after-school acappella groups, "The Crescendos" and "The Thursdays," providing student vocalists with an outlet to express themselves both musically and creatively. Under her direction, students in these groups have not only built upon their collaborative skills, but have also achieved great success in various competitions across the United States. Overall, the impact Ms. Roeder has had on the students of Chelmsford High School is nothing short of inspirational, and we wish her the very best in the next chapter of her journey.

I have had the pleasure of Amanda Roeder's friendship since 1998, when we were music students together at the University of Massachusetts Amherst. After graduating, we continued our connection on an almost yearly basis when I would perform for her annual musical in Marblehead. As both a tenured teacher in Chelmsford and a Chelmsford High School graduate, I knew that when the choral position opened, whoever stepped into that role would have a daunting responsibility ahead of them. Amanda not only fulfilled those expectations but exceeded them, propelling the Chelmsford High School choral program into the nationally recognized entity it is today. Amanda has been an exceptional counterpart in our performing arts department, and I am proud to know her as a colleague, a director, and a friend.

Matt Sexauer, Director of Bands, Chelmsford High School

A LETTER FROM THE EDITORS

Dear graduating class,

I don't want to do one of those cliché letters where I say how much we've grown but gods am I so proud of everyone! I can't believe how after everything we've all gone through that everyone's become such wonderful human beings. It's very hard to be a good person or even an accomplished person but I personally believe that all of you are so smart and accomplished, I'm proud of everyone even if they don't like me. I know for a fact that even if some of you choose to not go to college that you will all have successful futures, I can't wait to look back at photos from the yearbook and the graduating class and get to remember how I got to watch everyone mold and change. I know that I have historically always been the weird kid that made some questionable fashion choices but even if I knew to this day that every single one of you hated me I'd be none the less proud of all of you. I'm very grateful for every opportunity that I have gotten along with being grateful for every teacher that made me feel seen. Thank you to Mr. Merrill, Mr. Aylward, Mrs. McManus, Dr. Josh, and Mrs. DupreWilson. You all have made me feel so safe and appreciated in just being myself every single day! Thank you for everything and I hope everything goes well for everyone and if it doesn't know that I'm always here for every single person in our graduating class.

With lots of love,
Hazel (Asher) Leatherman

Class of 2026,

Congratulations to the Class of 2026! We have made it to the doorstep of adulthood and will soon go out into the world on our own. It's been an honor to help create this yearbook that holds so many memories and milestones from our years here. This yearbook is so much more than just pictures and words, it is something we can look back on to remember our life-long connections that have shaped us into who we are today. These years will always hold our longest bonds and deepest stories and hopefully this book can capture that! Despite all of the different people and the unique ways of life among them all, we all joined together to make this lasting piece of our last year at Chelmsford High School. Let us not forget who we are when we leave here and go out to wherever life may take us. This book is our final time capsule of our time here and it has been a privilege to have been apart of it.

Beatriz Rodrigues

FROM YOUR CLASS PRESIDENT

Dear Class of 2026,

Thank you all. Words cannot describe how grateful I am that I got to lead and represent this amazing Class of 2026. Four years went too quickly... in a blink of an eye we went from walking the hallways that felt like a maze, to walking the stage while we received our diplomas. While the class officers and I planned our events, you all were the reason they were so fun. From the senior sunrise, to the homecoming and Halloween dances, and our senior week with events like barbecue, prom, banquet, and lastly, graduation. You all made these experiences memorable. I also wanted to thank Tiffany Vu and the rest of student council for making the pep rally and house Olympics a blast.

To my class officers, Ryan, Ava, and Sai, I cannot express my gratitude to you all. Nothing would ever get done without you and I could never thank you enough. I enjoyed every minute we spent together.

Thank you all for being the best class ever. I hope you all enjoyed your senior year and I know I have said it a million times, but, thank you again for allowing me to be your class president. I wish you all the very best in your future endeavors! Go Lions!

Your Class President
Cody DiStasi

FROM YOUR CLASS ADVISORS

Dear Class of 2026,

As this chapter closes, we couldn't be more proud of the class you have become. You've grown not only as students, but as leaders, teammates, artists, scholars, and friends. Your resilience, spirit, and unity have left a lasting mark on our school. This year was filled with milestones, memories, and moments that will stay with you long after graduation. As you step into your next adventure, carry with you the lessons you've learned, the friendships you've built, and the confidence that you are ready for what comes next.

Thank you for the energy, heart, and leadership you brought to our community. The future is bright because of you.

Congratulations, Class of 2026. We will always be cheering you on.

With pride,

Your Senior Class Advisors
Mrs. LaFlamme and Ms. Sullivan

FROM YOUR CLASS SECRETARY

Dear Class of 2026,

Chelmsford High wasn't just a building— it was the way we filled it with laughter, and the moments that felt small but somehow meant everything. We walked these halls as teenagers, and are leaving as people who have been changed in the best ways. There were highs that felt endless and lows that quietly strengthened us, and through it all, we learned more about ourselves and each other than any textbook could teach, or any AI could generate. My faith has been my anchor behind the scenes, always reminding me to lead with love. I am honored to have played a role in each of your journeys, as you did with mine. I know that our diversity of strengths will continue to foster connections that can't be broken. I'm so proud of who we've become, and I can't wait to see where He takes all of us next.

Good Luck Class of 2026
Ava Sak

FROM YOUR CLASS TREASURER

Dear Class of 2026,

I really only have two words for you: thank you.

Thank you for every memory we've created together over the past four years — pep rallies, school dances, conversations in the hallways, and everything in between. Every one of you contributed something unique to our class, and together you helped create something bigger than any one of us.

This class isn't just a group of people graduating; it's also a set of memories. The laughs, all-nighters, inside jokes, and challenges have become a part of who I am today. No matter where life takes us next, I hope you look back on these four years and smile. Thank you for being a part of a small chapter in my story. I'm proud to be one among you, and I'm excited to see what heights we will reach next.

With gratitude,
Sai Bezawada

FROM YOUR CLASS VICE PRESIDENT

Dear Class of 2026,

I hope you all had an amazing senior year and I can't wait to see what you all do in the future. We all worked very hard these past 12 years and you should be very proud of everything you have accomplished. I wish you all the best of luck and make sure you always try to be yourself.

Good Luck Class of 2026

E-MOBILITY

What Riders Should Know

As electric bikes, scooters and boards become part of everyday transportation, communities everywhere are setting guidelines to keep riders and pedestrians safe. While exact laws vary, most e-mobility rules fall into a few universal categories that help define who can ride, how fast they can go and where they're allowed.

Age & Helmet Requirements

Many regions set minimum ages for e-mobility riders and require helmets for anyone operating an electric bike or scooter.

Speed & Power Limits

Devices are often regulated by top speed or motor wattage. Staying within those limits determines how an e-bike or scooter is classified and which rules apply.

Where You Can Ride

Local governments often decide whether electric devices are allowed in bike lanes, on streets or on trails — and may restrict them from parks, sidewalks or crowded pedestrian areas.

From bike to license, these are some milestone ages.

Age 14–15

Eligible for moped/e-bike permit (in many states/provinces)

Age 15–16

Begins driver's ed; earns learner's permit (Class G1, Level 1, etc.)

Age 16–17

Gets driver's license; solo driving with restrictions

PARKED AND LOADED

What kind of commuter energy are you bringing to campus?

1. What's your go-to morning parking move?

- A) I whip into the first open space I see. No time to waste.
- B) I back in like a pro — precision matters.
- C) I park in the exact same spot every single day or I will combust.
- D) I circle until I find the perfect aesthetic angle. Must look good pulling out for TikTok later.

2. The vibe inside your ride is...

- A) Functional chaos. There's a system — only I understand it.
- B) Clean, minimal, dashboard dusted daily.
- C) Fully personalized: beads, stickers, seat covers, mascot on the dash.
- D) Mobile media studio: LED lights, playlists, mounts — could go live at any moment.

3. Your biggest parking flex is:

- A) Speed. I'm in and parked before some people turn on their blinker.
- B) Accuracy. Perfect alignment between the lines — chef's kiss.
- C) Consistency. Everyone knows not to touch "my" spot.
- D) Drip. My car has rizz. I am the aesthetic.

4. What's blasting from your speakers before first period?

- A) News podcast or morning sports. Efficient.
- B) Hype-rap, but volume at a respectful level.
- C) Throwback anthems I scream with friends.
- D) Indie or aesthetic vibes — I park like I'm scoring a movie scene.
